

Title of Article: Coefficient Bounds for Certain Classes of Analytic and Univalent Functions as Related to Sigmoid Function.

Author(s): Gbolagade, A.M., Olatunji, S. O. and **Anake, T. A.**

Outlet: International Electronic Journal of Pure and Applied Mathematics, 7(1), 41-51.(2014)

Abstract: In this work, the authors investigated certain classes of analytic and univalent functions in terms of their coefficient bounds as related to activation sigmoid function with respect to symmetric and conjugate points.
